

# How to Forward Emails in Gmail

Forward suspicious emails to:  
`check@scam.support`

Don't click any links inside the email — just open it and forward it.

- 1 Open the suspicious email**  
In Gmail, click on the email you want us to check.
- 2 Click the three-dot menu**  
In the top-right corner, click the three vertical dots.
- 3 Select "Forward"**  
From the dropdown, click Forward.
- 4 Enter our email address**  
In the To field, type `check@scam.support`
- 5 Click "Send"**  
Click Send. You'll get a reply in about 60 seconds.
